

EXTRUTECH

Demountable PVC Wall System

Corrosion-Proof Panels

Use in Clean Rooms, Food Processing, Packaging, Bottling Plants, Car Washes, Agricultural Facilities, Cheese and Milk Plants, or anywhere partition walls are required.

Process Room – Installation of 12 foot high panels.

Extrutech Demountable PVC Wall Panels have a smooth, non-porous, glossy surface on both sides, perfect where sanitation and cleanliness are critical. Panels also help improve overall reflective lighting. Available options include insulation and internal steel reinforcement for extra stability and support. Each panel is cut to customer specification, up to 24 feet. Panels are 100% recyclable and do not support mold or mildew per ASTM D3273 and D3274.

Product Profile

Dimensions: 1 3/4" x 36" wide
Lengths: 4' to 24'
Colors: White
Weight: 1.75 lbs/sq ft
Material: High Gloss Virgin PVC
Warranty: 10 years

EPI9000 – 1 3/4" x 36" Wall Panel

Extrutech Plastics' Demountable Walls provide a flexible option for food processors that need to limit access or separate work areas from cross-contamination. They can be used as partition walls in car wash or agricultural facilities. Demountable Walls are pre-assembled to the customer's requirements, knocked down for shipping, and ready for installation at the customer's site. They can later be reconfigured to meet changing needs or requirements.

EXTRUTECH
Demountable Wall System
 Corrosion-Proof Panels

EPI9000 – 1 3/4” x 36”
 Insulated Wall Panel

Our Demountable PVC Wall System can be used in new construction or rehab projects, and allows you the flexibility to construct interior walls faster, easier, and safer, wherever you need them. Clean rooms, food processing and agricultural facilities, and dairies are prime candidates for this system. Use whenever high moisture, acidity, salt, rust, rot, and corrosion are a problem.

- Durable, strong 36”x 1 3/4” multi-chamber, interlocking dovetail wall panels made of rigid, virgin polymers. Easy assembly, all parts pre-cut to job requirements
- Low maintenance, easy to clean, just spray off with water/cleaner
- Finished surface on both sides of panel, never needs painting
- Custom sizes and insulated panels available
- Moisture and rot proof, mildew resistant
- Brightens the interior of any building
- Available in bright white
- Lightweight, easy to handle
- Insect and rodent resistant
- Ideal for concealed wiring
- No exposed fasteners
- Sanitary surfaces
- 100% recyclable
- 10-year warranty
