2–1/4" Partition Wall Panels
P224 - Corrosion-Proof Panels

The 2-1/4" Partition Wall is a new construction product that allows you the flexibility to construct interior walls faster, easier and safer. Use wherever interior partition walls are required. Use in any high moisture areas where water, rust and corrosion are a problem.

- Durable, strong 2-1/4" x 24” multi-chamber, tongue-and-groove wall panels made of rigid, virgin polymers, with easy assembly
- Low maintenance, easy to clean, spray off with water/cleaner
- Finished surface on both sides of panel, never needs painting
- Custom sizes and insulated panels available
- Available in a bright, high gloss, white color
- Moisture and rot proof, mildew resistant
- Brightens the interior of any building
- Light-weight, easy to handle
- Termite resistant
- 100% Recyclable
