

# Extrutech PVC Suspended Ceiling Grid System

Corrosion-Proof PVC Suspended Ceiling Grid System with Plastic Ceiling Panels

*Extrutech PVC Suspended Ceiling Grid System  
with Extrutech Plastic Ceiling Panel*

Extrutech's high quality, suspended ceiling grid system provides a strong, durable interlocking grid for high moisture areas. This is a clean, corrosion-proof system that is easy to install. The low profile, glossy white face has a nonpainted surface that will not flake or chip. Available as 2x2 and 2x4 foot drop-in panels and designed to work with standard hanger hardware and light fixtures. Can be ordered as stock parts, by the room size, and shipped directly to your job location.
