

EasyLife™

WAINSCOTTING OR CEILING PANELS

instant,
durable
beauty for the
kitchen, bath,
and porch

for the bath

easy cleaning

If you've been looking for a way to freshen up some of the hardest working spaces in your home, consider Extrutech's new vinyl wainscoting, one of the most popular decorating trends.

Add durable beauty to the kitchen, bath or porch with Extrutech's EasyLife™ vinyl wainscoting bead board. It's waterproof and mildew resistant. It needs no painting and is easy to install with simple tools. Instant durable beauty!

Once you've installed it, maintenance is easy. Just wipe clean with soap and water. It always looks fresh and clean. Resists the splashes and spills that happen everyday in every household.

EasyLife™ replicates the appealing wainscoting that is so classic, yet is produced using cutting-edge European technologies. Made with modern polymers, it saves the forest, while adding lasting beauty and value to your home.

maintenance free

for the porch

easy to install

Use EasyLife™ panels in the bath, kitchen, playroom, or family room. Great as a ceiling in your porch, sun room or kitchen. Never needs painting, and stains can be wiped off with ease. This product is completely moisture proof and will never rot. Always looks fresh and clean!

The panels install very easily with staples or nails through the pre-punched nailing strip. Once installed, the fasteners are covered for a clean, crisp, professional look. Accent trims are also available.

Features include:

- Durable and moisture proof
- Maintenance free, will not stain, rot or peel
- Multiple uses – ceilings, walls, skirting, soffits
- Fire resistant
- 10 year limited warranty
- Easy installation
